Let’s exchange experiences -

(1) Have you attended a conference last year (or before)?
   Which - in which role (did you present) -
   Would you recommend this to others in the class

(2) Is there a conference you know about that you would
   like to attend? When / Why?

(3) Is there a resource you use to (easily) learn about
   conferences that interest you - and travel fellowships

You actually have a huge *advantage* at your stage -
you will easily get support (partial or full) to go.....
To get this, you *have* to be thinking about this very early.
