Computer Science Department students:  

Win $500 & All-expenses paid trip  
Submit your 500 word essay by June 2nd

The Jack Baskin School of Engineering has teamed up with Topplers.org to bring the Domino Award to UC Santa Cruz Computer Science students. The Domino Award is given to a Computer Science student who submits a 500 word essay honoring a computer scientist whose work "Set Big Things in Motion." The winner will receive a $500 prize and be taken with other winners from around the country on an all-expenses paid trip to see some of the most exciting things going on in computer science.
